

PROFESSIONAL RESEARCH & DEVELOPMENT GRANT FOR ARTISTS AND ARTS ADMINISTRATORS

Program Guidelines - effective May 2021

The Winnipeg Arts Council recognizes that the continued growth and development of arts professionals is essential to the cultural health of the community, and that the cancellation of performances, exhibitions, festivals and other arts events resulting from the COVID-19 pandemic has severely limited opportunities for artists to present and exhibit their work.

The Professional Research & Development Grant Program is designed to provide support to artists, writers, curators, arts administrators and arts educators for activities that contribute to their professional development and enhance their careers in the arts. Activities may be supported if they do not require travel outside of Manitoba and can be conducted in an environment that respects physical distancing.

Activities may include unique opportunities for short-term study (beyond basic training) in a formal or informal setting, mentorships or masterclasses. **As of March 2021, applicants may request support for research related to their artistic practice. Please review this document for more information on the types of activities which are eligible.**

There is no fixed deadline however applications must be received *at least* four weeks prior to the start of the proposed activity to be considered.

The maximum request under this program is 50% of the total eligible costs, to a maximum of \$1,000. Partial funding may be considered.

After reviewing these guidelines, please direct questions regarding this program to:
